Doggy

42d

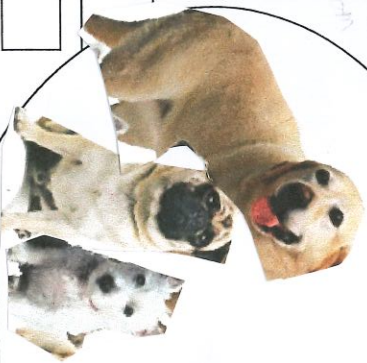

This report will include lots of interesting information about dogs. It will cover topics such as different breeds, sizes, and some fun facts.

An excellent, informative report Elie.

Breeds

- Dalmatians are born pure white and develop spots at 3 to 4 months old.
- Labradors are the most popular breed in the UK and are also a popular breed.
- Shepherds originate from Mexico and live to be 12 years old.

Make sure handwriting isn't too small.

Go FASTER

An American water dog called the Gordon is the only dog in the world that can run on its hind legs and can run at a speed of 45 mph.

Dogs can see in the dark.

Dogs can see in other colors - blue, white, yellow.

Food

Some human foods can be very harmful to dogs such as grapes - which can be fatal and avocados.

Some things dogs take food to eat it as they think as humans are. The shape of the paper we will still do.

Dogs eat dog food.

Size

- The largest breed of dog is the Great Dane. The smallest dog breed is a Chihuahua.
- The longest ears of a dog is 34.9 cm long.
