

Hassou

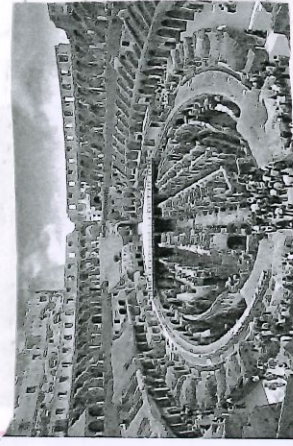

Monday 3 February

but the Romans did for us

The Romans didn't invent roads. roads were built before the Roman

Road

In an amphitheatre the gladiators would fight. when the fight's over they would put themselves up if they wanted them to die.

theatre

Romans invented heated floors by putting fire under buildings.

Heated floor

Romans didn't invent toilets. In a Roman toilet the poop & were just went out of the building.

toilets
