To Santa

My name is Jasper and im  $7\frac{3}{4}$  years old. As you now I love gaming. You will remember my house with the trampoline and the play area. Also the number plate is 30.

I've been a very good boy this year **S**anta. I have been working hard, doing jobs around the house, leaning all my time's tables, doing hard sums and more.

This year **S**anta I might have a hoverboard because they are really cool and it is very good getting around the place. I will also have lots of gaming stuff and if you going to get me any cloths, my faverite color is green and I love mario.

If you have time santa please can you get make a purse or a little bag and some earrings for my teacher Mrs Glauth. You could get something for my granddad wich is fishing.

I love christmas time because you get to see all of your family. You also pull crackers and have fun!

Lots of love

Jasper
