The puppy and the cow

A long, long time ago one hot
summers day the puppy ran around the
river and the big cow was sun basking.
Sudden "y". The puppy jumped in to the
water and splashed the cow and the cow
got in to it. "The" "cow" "said" "your stupid" "then
he drop his lunch in the river and the
puppy did not get it so the big cow,
the very next day the puppy challenged the
cow to a swimming race. The cow could
not swim. So the day as the rays
cow came and said "you will
never beat me" because he was going
to cheat, and just walk. but the
river was to steep and the puppy
won and the cow was never
seen again! The puppy was
so happy that he had a party
with his friends who were puppies
and dogs to he played lots of
games and on the table on
the donkey it was a real one
and they all lived happily ever
after. "The end."
