

David Is Amazing

Written by [Freddie Robert Will Annie]

The Israelites and the Philistines have been at war for many years but now it is over.

The Philistines had a secret weapon, a giant named Goliath. Goliath thought that no-one could ever beat him.

No-one from the Israelites would go and fight him, not even the King so Goliath gave them 40 days to find someone brave enough.

Goliath shouted every day for someone to step forward but

nobody came.

Not until a skinny, small, child called David came to the rescue. He had 11 brothers that went to war. David had stayed behind to look after the sheep.

No-one thought that David could succeed. When he went out on the battlefield he grabbed his slingshot and looked for stones. And started spinning it around and then he hit the giant right in between his eyes. Then he fell to the

ground. He was knocked out cold and then David stood on top of him in victory.

Everyone was so happy they picked David up off the floor. And took him to King Saul. He was so jealous that everyone was cheering for David.

David is our hero! The Philistines are gone forever.
